VICTORY FOR BONDS IS CELEBRATED BY COMMERCE BOARD WITH FINE BANQUET

"No Road Like Road Builder
Builds" the Male Quar-
tette Sings.

PEOPLE CONGRATULATED
ON MEASURE'S PASSAGE

Rev. W. P. Wilks Acts as Toast-
master. Speeches Barred
at Meeting.

The passage of the good road bond
issue was celebrated last night at the
regular bi-monthly banquet meeting
of the membership of the Albany
Chamber of Commerce.

Promptly at 7:30 o'clock, when the
doors to the banquet room were
thrown open, one of the largest
crowds attending these meetings en-
tered the room and circled around the
banquet tables to partake of the fine
menu which had been prepared by the
ladies of the Central Methodist
Church. The tables, as well as the
entire banquet room was elaborately
decorated for the occasion.

Rev. W. P. Wilks, who acted as
"toastmaster" for the occasion, deliv-
ered the invocation and after the
banquet had been served informed
those present that no speaking was
on the program for the evening, as
the occasion was one of rejoicing over
the passage of the good road bond is-
sue and that the entire program called
for "just a good time." Before in-
troducing the first number on the
program, Dr. Wilks took the opportu-
nity to congratulate the citizens and
voters of the county on the progress-
ive move they had made (referring to
the bond issue) and in a few words
stated that as a result of the pass-
ing of the bond issue he expected to
see within the next two years that
Morgan County is the greatest agri-
cultural section in the United States
and the citizens of Morgan County
the most progressive people in the
United State.

Program Rendered
The program for the meeting was
rendered in order as follows:

Vocal Solo—Miss Ruth Banks.
Selection—Albany Chamber of
Commerce Male Quartette.

Reading—Miss Marjorie Rainey.
Violin Solo, Miss Alice Hatton.
Selection—Albany Chamber of
Commerce Male Quartette.

Every number on the program was
enjoyed by everyone present, which was
evidenced by the hearty applause
given; the applause continuing until
three and four encores had been given
by each performer on the program.
The climax of the program was reach-
ed when the Albany Chamber of Com-
merce Male Quartette, composed of
Messrs. Pickens, Ware, Crane and Du-
poister, rendered their last number
which was "There's No Pie Like
The Premaker Makes"—
returning on an encore they
came out with "There's No Road Like
The Road Builder Builds", which
brought forth an uproar of laughter
and cheers from the audience which
lasted several minutes. The chorus of
this rendition follows:

"If all the roads that the road
builders build

When the road builders build their
roads

There are no roads that the road
builders build

Half so good as the Bond Issue roads.

1st. Tenor—I love the new built
roads,

2nd. Tenor—And I love the well
built roads,

Baritone—And I love the smooth
surfaced roads,

Bass—And I love the big Pike
Roads."

When Mr. Dupoister went down 30
degrees below zero on the big Pike
Roads it was more than the audience
could stand and the laughter and
cheers had to come out.

After the program had been con-
cluded, President F. F. Tidwell made
a very short talk, in which he ex-
plained that the passing of the bond
issue meant more for Morgan County
than other one thing than has been
accomplished.

At the conclusion of Mr. Tidwell's
talk he sprung a joke on the audi-
ence, which The Daily will not under-
take to repeat as no one could tell
this joke but Mr. Tidwell, himself.
After the talk by Mr. Tidwell, the
toastmaster declared the meeting ad-
journed admid another uproar of
cheers of the passing of the good road
bond issue.

Twin Cities Welcome the Visiting Nobles Novitiates, Tied to Rope, Parade Streets

Red Fezzes Appear Here as Shriners Journey to
Big Ceremonial at Sheffield Tonight
When Sands Are Trod.

Pulled by a gaily decorated engine,
the Shine special pulled out for
Sheffield shortly after noon Wednes-
day, carrying nearly 500 Nobles to
the Tri-Cities where a ceremonial will
be held this afternoon and tonight.
The special arrived here a few
minutes after ten o'clock this morn-
ing and for more than two hours the
Twin Cities were hosts to the wear-
ers of the red fezz. The Nobles from
Birmingham and other points south of
here were accompanied on their ar-
rival by the patrol band and drill
team.

Welcomed at the Albany station by
a crowd of local Nobles, the visiting
Shriners, led by the band, staged an
impromptu parade up Grant street to
Second avenue. The drill team gave
an exhibition on Johnston, between
Second and Fourth avenues before a
large crowd.

The Nobles were served lunch by
the ladies of the First Methodist
church in the northern showroom of
the Malone garage at 11 o'clock and

another parade was formed immedi-
ately afterward.

Again led by the band the Nobles
marched to the business district of
Decatur, where another exhibition was
given by the drill squads.

Following the Bank street drills the
visitors entrained for Sheffield. The
special will return here late tonight
and the Birmingham contingent will
be back in the Magic City early
Thursday.

The engine which pulled the Shrine
special, via the Southern, attracted
much attention. Gay colors and Shrine
emblems completely covered the giant
locomotive, which was manned entire-
ly by Shriners, wearing their fezzes.

The visiting Nobles were extend-
ed a cordial welcome here today.
Local soda fountains were keeping
"open house" for the Nobles and all
drinks were free to the visitors.

Novitiates were led through the
local streets tied to a rope. They
will be taken across the hot sands at
Sheffield tonight.

NEGOTIATIONS ON FOR SETTLEMENT OF PEACE TREATY

(International News Service)
POINT ISABEL, Texas, Nov. 10.—
Sunburned and blistered President-
elect Harding today set forth for
another battle with the tarpum in the
Mexican waters off Point Isabel, dis-
appointed over his failure to land a
record tarpum yesterday. The sena-
tor set sail with grim tenacity and
declared he would bring in a tarpum
before sundown.

While the President-elect is battling
with the big fish preliminary negotia-
tions are under way, looking forward
to a final settlement of the peace
treaty question, it was learned today.
It is understood the senator, in an-
nouncing he would hold individual
conferences, to determine the sen-
timent toward the peace treaty, set a
ball in motion and that advocates of
a league, are attempting to agree on
a definite program which they can
offer the President-elect with the sup-
port of the major part of the popu-
lation.

Arrangements are being made for
a special train to carry the senator to
Brownsville, where he will make an
address Armistice Day.

GRANT INJUNCTION AGAINST MINERS

OFFICIALS OF UNION ENJOINED
FROM CONTINUING ORGAN-
IZATION NEAR BLUEFIELD.

(International News Service)
BLUEFIELD, West Va., Nov. 10.—
An injunction, brought to test the
campaign of the United Mine Work-
ers of America to reorganize the
miners of the Red Jacket Consolida-
ted Coke and Coal company and the
Pond Creek Coal Company, was grant-
ed today by Judge Waddell, of the
United States district court. The in-
junction enjoins officials of the United
mine workers from interfering with
the operation of the two companies.

BENSON REFUSES TO COMMENT ON SERIOUS CHARGES

(International News Service)
WASHINGTON, Nov. 10.—"Any-
thing I have to say will be said be-
fore a proper committee and not in-
formally", Rear Admiral Benson, head
of the United States Shipping Board,
today replied in commenting on
charges made by investigators of the
committee of the house of representa-
tives probing shipping board activi-
ties.

"I have nothing to say now."
The report of the investigators, A.
M. Fisher and J. M. Richardson, for-
mer employees of the board, was made
to the committee sitting in New
York.

PROBE RESUMED

(International News Service)
NEW YORK, Nov. 10.—The com-
mittee investigating the activities of
the United States shipping board, of
which Representative Joseph Walsh,
of Massachusetts is chairman, re-
sumed its session at the Federal build-
ing today. The inquiry into the al-
leged lax methods and business ir-
regularities of the board will be pur-
sued along the lines marked out by
the reports of the investigators.

One thing which the committee will
attempt to determine is the extent of
the assets which the shipping board
now has. The investigators charged
in their report that, because of the
"irregular business methods" of the
board, it was impossible to ascertain
at any given time how much money
the shipping board had on deposit in
various banks.

HEARING ORDERED

(International News Service)
WASHINGTON, Nov. 10.—The In-
terstate Commerce Commission today
ordered investigation of charges of
discrimination resulting from alleged
refusal of the state railroad commis-
sion of Georgia to sanction rate in-
crease on intra-state shipment equal
to increases authorized by the Inter-
state Commission on inter-state com-
missions.

The hearing was set for December
6 at Atlanta.

RECEIPTS AT LOCAL COTTON COMPRESS THIS SEASON SHOW A HEAVY DECREASE

Cotton Holding Movement Ap-
pears to be Gaining Head-
way Rapidly.

WALL STREET EXPECTS
SQUEEZE IN THE SOUTH

Only 17,000 Bales Pressed Here
Compared with 33,000
Bales Last Year.

The cotton holding movement in
North Alabama, at least, is continuing
successfully. Reports today from the
Churchill Compress, one of the large-
est in the South, showed that only
17,000 bales had been pressed this
season to last night inclusive, com-
pared with 33,000 bales pressed up to
the same date last season, a reduction
of nearly 50 per cent.

"Whereas last year we were swamp-
ed with cotton," declared one of the
company representatives, "this season
it resembles summer time at our
plant."

The local compress serves a wide
range of territory, extending approxi-
mately fifty miles east and west on the
Southern railway and 50 miles north
and south on the Louisville and Nash-
ville. The fact that the decrease in
receipts here has reached nearly 50
per cent of the total handled last year
indicates that the holding movement
is not confined to this immediate sec-
tion but has extended throughout the
Tennessee Valley.

"Reports received by us indicate
that the holding movement has ex-
tended to other sections as well," the
company representative announced.

A news dispatch to The Daily from
New York Tuesday stated certain Wall
street interests were buying on the
anticipation of a general squeeze
throughout the South within the next
few days.

The American Cotton Association,
one of the objects of which is to ob-
tain the general holding of cotton
until a reasonable price is secured, is
conducting a membership campaign in
Alabama to get 50,000 new members.
Other states also are conducting
membership drives and the holding
movement, it is believed, will be
greatly extended.

MANY TRUE BILLS FOUND BY JURORS

FOUR INDICTMENTS RETURNED
IN PARTIAL REPORT CHARGE
MURDER

Many true bills already have been
found by the Morgan County grand
jury, now in session according to a
partial report made to Judge Brick-
ell in Circuit court. Twenty indict-
ments were returned, four of which
charge murder, two charge highway
robbery, one charges a felony and the
rest charge minor offenses.

The grand jury, which went into
session last week, is expected to con-
clude its investigations and make its
final report to Judge Brickell this
week.

CONFERENCE OF LEADERS CALLED

SAMUEL GOMPERS WILL TALK
TO UNION HEADS ON STEEL
SITUATION

(International News Service)
WASHINGTON, Nov. 10.—The pre-
sident of the 24 International unions
involved in the last steel strike will
meet in Washington Friday at the
call of Samuel Gompers, president of
the American Federation of Labor,
it was learned today. They will take
action deciding whether a new cam-
paign hall be waged to organize the
steel industry.

There is talk of Samuel Gompers
calling a conference of the heads of
all of the 116 international unions
affiliated with the Federation, to make
plans for a gigantic offensive against
"open shop" employees and what is
claimed to be a movement to reduce
wages.

ALABAMIAN ALIVE THOUGH YET IS IN CUSTODY OF REDS RED CROSS HEARS

Emmett Kilpatrick is Prisoner
in the Hands of the Bol-
sheviki.

VIGOROUS EFFORTS ARE
MADE FOR HIS RELEASE

General Wrangel, Anti-Bolshe-
viki Leader, Offers Ex-
change of Prisoners.

(International News Service)
WASHINGTON, Nov. 10.—Emmett
Kilpatrick, an American, reported
killed by Bolsheviks in South Russia,
is still alive and held prisoner by
Red guards near Pauride, the Ameri-
can Red Cross headquarters was in-
formed today in a telegram from their
branch in Paris.

Kilpatrick, a resident of Mobile,
Ala., was first said to have been slain
on November 1, but today's message
gave denial of this and said that pro-
per steps are underway to effect his
release.

General Wrangel, anti-Bolshevik
leader in South Russia, in response
to demand made from Paris, is mak-
ing a vigorous effort to secure the
exchange of Kilpatrick immediately.

The cablegram gave no details con-
cerning the treatment being accorded
Kilpatrick or the condition under
which he is incarcerated. Kilpatrick,
brother is Dr. George C. Kilpatrick,
of Mobile.

'ARMISTICE DAY' TO BE OBSERVED

KIWANIS LUNCHEON WILL FEAT-
URE PATRIOTIC IDEA ON
NEXT THURSDAY

Armistice Day will be observed by
the Morgan Kiwanis club at its regu-
lar luncheon next Thursday, accord-
ing to the official letter to the club's
membership. The letter follows:

"Breathes there a man whose
soul is dead who never to him-
self hath said 'This is my own
my native land."

Thursday, November eleventh, is
the anniversary of the signing of the
armistice that ended the great world
war. This day ought to have special
significance to all Americans, for it
represents the results of the efforts of
concerted civilization to preserve and
maintain those liberties, right and pri-
vileges so dear to the heart of the free
born. Furthermore, the world war
marks a new period of history. Just
listen to conversations and "prior to
the war," or "during the war," or
"since the armistice was signed" are
tokens by which we of this day deline-
ate or measure time. The historian
of the future will divide time into
periods of before and after the great
war.

In passing let us not fail to honor
those who wore the country's colors.
We honor and respect our dead, as
rightly we ought, but let us not for-
get those living men to whom honor
is due and who have returned to civil
life and who perhaps bear little sign
of sacrifice and duty well performed
save the mental scar wrought by the
great travesty on civilization, all hon-
or to these men.

Kiwanians will remember the day
with a meeting special in nature, pa-
triotic in character. Come to the Y.
M. C. A. Thursday evening at 6:30
p. m. where dinner will be served as
usual. You will be a better American
and a better Kiwanian.

Remember, please, this is the season
when over ripe fruit and nuts are
dropped from the tree. We have
none of either, but watch your attend-
ance.
KIWANIS
P. S. Meeting at 6:30 on account of
show. Note the hour.

Amendments' Fate Still is Unknown

Although official returns tabulated
from the Alabama counties indicate
each of the three proposed amend-
ments to the constitution has been de-
feated, friends of the three measures
have not conceded their defeat. The
official count of the returns will be
made by the state board soon and the
fate of three measures will be de-
finitely known then.

BASEBALL WAR MAY BE ENDED IN CONFERENCE

(International News Service)
KANSAS CITY, Mo., Nov. 10. A
meeting of all American and
National league owners and di-
rectors will be held in Chicago
Friday when definite means for
ending the baseball war will be
discussed. This was announced
today by Garry Hermann, of Cin-
cinnati, while speaking to the Na-
tional Association of Baseball
clubs. The threatened baseball
war may be averted with the min-
or leaguers acting as peace mak-
ers.

The minors today listened to
representatives of the new 12
club circuit.

DRY LAW CHIEFS IN UTTER DISMAY OVER NEW RULING

(International News Service)
WASHINGTON, Nov. 10.—"Dry
law" chiefs were today in utter dis-
may over the probable effect of the
Supreme court decision holding that
whiskey may be "transported" from
warehouses to owner's homes. They
frankly fear demoralization in en-
forcement work may grow out of the
release of millions of gallons of li-
quor legally held.

Some clear statement, further inter-
preting the rights of owners under
the highest court's ruling, is expected
as a result of the conferences con-
tinued today between commission
of internal revenue Williams and pro-
hibition commissioner, Kramer and
their legal advisers.

Revision of some of the prohibi-
tion regulations now in effect is be-
ing made and other regulations dis-
cussed as possible substitutes to pre-
vent heavy withdrawals from storage
warehouses. In the buying
and selling of bonded warehouse cer-
tificates has resulted from the deci-
sion, officials were advised.

WATER CHARGE ROW FINALLY SETTLED

The long negotiations over the ac-
count between the City of Albany and
the Alabama Water company came to
a formal end last night when the
council accepted the proposed settle-
ment and authorized the payment of
\$7,500 to the company.

The company, on the other hand,
agrees to begin payment of licenses
and municipal taxes as soon as due.
The misunderstanding over the ac-
count is of long standing and the ac-
cumulation of charges against the
city is for a period covering many
years.

The council, at a special meeting
last night, set the salary of the street
superintendent at \$125 and decided to
employ a sanitary officer.

The proposed new contract with the
Alabama Power company, seeking a
rearrangement of the street lighting
system to afford better lighting, was
passed for final disposition until the
next meeting of the aldermen.

Oyster Supper Will be Given

An oyster supper will be given by
the Third Ward School Improvement
Association Friday evening at the Y.
M. C. A., beginning at 5:30 o'clock.
Proceeds will be used for improve-
ment of the school and patronage of
the public is solicited.

Lecture Heard at Decatur Schools

The Decatur High School enjoyed
a treat last night in the form of an
illustrated lecture on astronomy.
The speaker, Dr. Harding, who rep-
resents one of the great universities,
presented a series of remarkable pic-
tures of the heavenly bodies and dis-
cussed them in a most interesting
way. Superintendent Benson and his
students had worked up a good au-
dience, and they are to be congrat-
ulated on bringing a high class en-
tertainment to their city.

PRICE REDUCTIONS ARE ANNOUNCED BY LOCAL MERCHANTS; DOLLARS VALUE UP

Albany-Decatur Firms Tell of
Sweeping Decreases in
Charges.

ARE TAKING LOSS TO
BENEFIT THE PUBLIC

Prices Based on New Quotations
Patriotically Put into
Effect Now.

Sweeping reductions on prices of
clothing and other items were an-
nounced today by local merchants,
who offer to give to buyers of the
Twin Cities and neighboring commu-
nities the advantage of immediate re-
ductions based on now wholesale quo-
tations which have slumped recently.
Price slashing here ranged down-
ward to fifty per cent in some inst-
ances.

In today's issue of The Daily, ad-
vertisements of several prominent
local dealers call attention to phenom-
enal bargains. Ory-Cohen announce
they have decided to take a \$10,000
loss on their immense stocks; S. M.
Winston announces "We are taking
our medicine, selling for one half of
what many items sold for three
months ago;" Sam Ziff states "Cy-
clone has struck here;" J. A. But-
trey says "The break has come—one
third off."

Other prominent firms within the
past 48 hours have either already an-
nounced reductions or are rearranging
their price lists to conform to the
new slump in prices.

The latest decline in the price of
clothing and other retail items an-
nounced by jobbers and wholesalers,
cannot be taken advantage of by re-
tailers at once, but local merchants
were ready to lend their hearty co-
operation to all movements to reduce
the cost of living, are already giving
the public the benefit of these re-
ductions.

News dispatches from Minneapolis,
flour center, declared that staple went
below the \$10 a barrel mark yester-
day for the first time in almost four
years. The slump in the price of
wheat was the caused assigned.

The reductions spread to rugs and
carpets, according to news reports and
even restaurants began lowering
menu charges, indicating the price
slump was fairly general.

PRESIDENT IS SAID TO BE SICKER MAN THAN IS BELIEVED

LONDON, Nov. 10.—"President
Wilson is a much sicker man than
any person has believed," said John
W. Davis, American ambassador to
Great Britain today. "President Wil-
son fully realizes that he is not able
to participate any longer in politics.
He plans to retire on an estate near
Washington when his term expires
and spend his time writing," Mr. Davis
continued.

The ambassador refused to predict
the identity of his successor at the
court of St. James, but many mem-
bers of the embassy's staff believed
that the next American ambassador
will be Dr. Nicholas Murray Butler,
president of Columbia University in
New York City.

REPORT DENIED

(International News Service)
WASHINGTON, Nov. 10.—Presi-
dent Wilson is in better physical con-
dition than at any time since his ill-
ness, White House officials declared
today after reading the statement at-
tributed to Ambassador Davis in Lon-
don.

The President is in even better con-
dition than before election, it was ad-
ded, as the strain of the election has
been removed.

THOUGHTS ON ARMISTICE DAY

Two years ago on the 11th of November the Armistice which ended the world war went into effect and the guns which had cost the lives of nearly ten million men ceased firing.

Since that day profound changes have come over the world and its people. New times are ushered in and new conditions prevail. The very foundation of Government have been shaken and all human institutions have been put to the test.

Out of war the world went into speculation, extravagance and all manner of follies. Now at last the world has recovered its senses. The smoke of the war has cleared away, the passions it engendered have cooled a little and we begin to see in its true perspective the greatest catastrophe of all time.

It is clear to us now that the frightful destruction of war cannot enrich the world. We cannot create wealth by destroying it. There were many who thought the war has ushered in a period of unprecedented prosperity. We now are undeceived. We realize that the world has lost half its working capital and no alchemy of speculation, no legerdemain of statistics, can hide this momentous fact. The babble of speculation has burst; the mania for prodigal spending has run its course.

It took this bitter experience to bring the world to its senses. Humanity has just awakened from its delirium—a kind of brain fever that resulted from the surgical operation which cut off ten million men. There never was a surgical operation like that. Never a fever raged so fiercely as the one that seized the writhing body of the race and swept the whole world into folly.

Now the fever is gone and the body of humanity is deeply depressed. Presently it will begin to gain strength. The one thing that will aid restoration and hasten the recovery of strength is the old-fashioned virtue of industry, accompanied by another, economy.

The Government's propaganda on Thrift became tiresome to the prodigals, but now they would lay its truth to heart. They have personally proven the fact, that there is no sure road to wealth, comfort or independence, for an individual of a Nation, but by industry and economy. It is significant of a return to sanity that the sales of Thrift and Savings Stamps increased 44 per cent in October.

It is a good idea to make Armistice Day a milestone which will mark the beginning of a new era of Thrift. It is that which will restore prosperity and make life worth living.

COX COMES TO ALABAMA

Governor James M. Cox, defeated Democratic nominee for President, will be the guest of Alabama soon to enjoy a rest on the plantation near Tuskegee. The people of Alabama will extend a cordial welcome to the Ohio governor. Notwithstanding his overwhelming defeat in the presidential election, Governor Cox stands upright to-day as one of America's leading citizens.

Faced by almost insurmountable obstacles, lacking the wholehearted support of his party and waging his campaign in a Republican year, he

fought almost single handed to carry the Democratic hosts to victory. Americans generally, without respect to party or creed, glory in the courage of Mr. Cox during the campaign and in the hour of defeat. He is the kind of American the nation may well feel proud of.

THE INEVITABLE END

The reported confessions of Raymond W. Schunck and Frank J. James, charged with slaying a New Jersey bank messenger and stealing \$40,000, adds but another sordid chapter to the nation's criminal annals.

At one time responsible, law-abiding, self-respecting citizens they were, but the primrose path they travelled could lead but one way. Gay parties with gay companions in a lonely cottage in the New Jersey hills brought the increasing need of more money. "More money"—how often has that desire of man led to his downfall. The bank messenger paid with his life and Schunck and James are in prison. They looked to the right and to the left of them and found the path to their liking, but they looked not ahead to find the inevitable end.

RED AGENTS COMING TO AMERICA

According to press dispatches from Rotterdam, determined efforts are being made by the Russian Soviet government to send "missionaries" to America to conduct a propaganda program in the United States.

These agents, many of whom are declared to have been in the employ of the German government prior to and during the war, have perfected a system which is said to surpass even the very efficient Hun spy organization.

Apparently the American government is not to be caught napping, as it was during the war. Together with news of the approach of the advance guard of the Red hordes, comes the cheering news that United States secret agents, stationed at most of the principal European ports, are keeping close tab on the movements of these gentlemen from Moscow. The war has taught America at least one lesson, it would seem.

Lenine's job would have been better done if he had not done it so completely.

Once more the country has survived the political doctors.

President-elect Harding may go to Mexico, so as to be able to appreciate his own country that much the more.

In Illinois there are 111 men to every 100 women. A word to wise Bachelor, girls is sufficient.

At least one of the Wranglers in Russia seems to have been stopped.

The man who can cause coal not to be consumed in the furnace any more than were the three Jewish children in a similar receptacle will merit much gratitude.

The profiteer gets what is coming to us; but he seems not to have got what's coming to him.

If Harding can be President over the two wings of the Republican party, composed of pro-leaguers like Taft, Hughes, Root, and Knox, as bitter enders like Hiram Johnson, and Senator Borah, he ought to have little trouble presiding over the rest of the people.

There is a lot of talk about John D's gasoline and oil giving out; but if the truth were known Elijah has nothing on John in that respect.

Samuel Gompers has just gotten his liberty loan medal, according to a Washington dispatch. Mr. Gompers is a little late "getting his'n," Chairman Bloodworth gave out similar medals here over a year ago.

Coolness sets in between individuals as soon as the heart fires are banked.

Just In Passing

CAN'T SEE WHY

"I can't see why Centre should try an abill for the defeat suffered at the hands Georgia Tech," said Robert Jarvis, who attended the contest in Atlanta. "Centre contends she was weakened by the loss of several stars and no doubt she was but I doubt that either Roberts or any of the other Centre men who did not start against Tech were any more painfully injured than was Red Barron, Tech halfback. Barron played the entire contest, as well as the one against Pittsburg the week before, with his broken jaw in bandages. Even with that handicap, Barron made several brilliant runs against Centre. The Kentucky eleven was completely outplayed. Members of the squad made fumble after fumble. If the Tech players were unduly rough, I failed to see it."

PRAISES DAILY

"I think the Albany-Decatur Daily is a bright newspaper," said P. B. Haralson, editor of the Farmer's Union Advocate, the state organ of the Farmers' Union, now merged with the Birmingham Advance. "It richly deserves all the patronage it gets and much more. It would be greatly missed if you did not have it. I wish every body in the country understood the newspaper business, if they did, we would be saved many foolish fancies and misunderstanding" declared Mr. Haralson.

STOP WAR

Rev. A. J. Brock, formerly pastor of the Central Methodist church, but now a Director of the educational department of the Southern Methodist church, with headquarters in Nashville, recently passed through here on a trip to Texas.

In speaking of the doctrine as taught by Woodrow Wilson, demanding an effective organization of nations against war, Rev. Brock said: "Those who have opposed the league, have either said on the one hand that it was weak and ineffective or else they have declared on the other hand that it was too strong and would require too many American dollars and soldiers to uphold it."

"I have noticed that very few objectors to the League will get right down and discuss the merits of the different articles of agreement. It seems to me that any one who expects our laws to be effective against murder would wish them enforced. If Article X means strict enforcement of the peace laws would not that be better than for us to have the continual threat of war hanging over us. If individual men can be restrained from fighting and blood shed why not men in a collective sense prohibited from blood shed and fighting. It is best to outlaw war at any cost. It will be discouraging to common decency if the nation persists in taking no action for a league similar or exactly the same as the one proposed by President Wilson." Rev. Brock stated that for several months he was engaged in work for the Inter-church movement. It developed in the conversation with the former Albany Pastor that men "close to" the Interchurch movement were fully persuaded that the large withdrawals of money support from the movement was due to the fact that the leaders made a report on the United States Steel Corporation that was favorable to the claims of organized labor and unfavorable to the Steel company.

GOLD COAST NEGROES NOW OWN AUTOMOBILES

(International News Service.) LONDON, Nov. 9.—West African and Gold Coast negroes are rapidly making their fortunes. The increasing demand for cocoa gave them the opportunity to go into business and amass wealth.

More than 200 have their own motors, and European-style houses costing more than \$20,000 are being built by the more prosperous.

GOLD MEDAL HAZEL OIL CAPSULES

Bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists in three sizes. Look for the name Gold Medal on every box and accept no imitation.

CHIMMY FORBIDDEN; STUDENTS QUIT DANCES

(International News Service.) URBANA, Ill., Nov. 9.—Dances at the University of Illinois lost all popular favor among the student body following the ban placed on the shimmy, the toddle and other objectionable forms of dancing by the Student Union and Woman's League. Attendance has dropped to such an extent that entertainment committees are seriously thinking of eliminating the affairs from their Winter entertainment programme.

BEES SWARM IN CHURCH

(International News Service.) DOTHAN, Ala., Nov. 9.—The steeple of the Foster Street Methodist Church here is the home of a swarm of bees. Just why they took up their abode there 100 feet from the ground is not known.

MURRAY'S WONDER COLD AND GRIPPE MEDICINE

A Physician's Own Formula

One of Birmingham's best known family doctors used a prescription that is the basis of Murray's Wonder Cold and Grippe Medicine during the last influenza epidemic—and didn't lose a case.

Keep a bottle handy. Take a dose the minute you feel a cold coming on. It puts a quick quietus on colds—cures congestion, clears the head and kills the germs that nurture grippe and pneumonia. Price only—

Another Royal Suggestion

GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

3 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder

Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1 1/2 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder

Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

ROYAL BAKING POWDER

Absolutely Pure

Buckwheat Cakes

2 cups buckwheat flour
1 cup flour
4 teaspoons Royal Baking Powder

1/2 teaspoon salt
2 1/2 cups milk or milk and water
1 tablespoon molasses
1 tablespoon shortening

Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles

2 cups flour
4 teaspoons Royal Baking Powder

1/2 teaspoon salt
1 1/2 cups milk
2 eggs
1 tablespoon melted shortening

Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle-iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

AUTUMN THOUGHTS

From "Margaret Smith's Journal"
Gone hath the Spring, with all its flowers,
And gone the summer's pomp and show,
And Autumn, in his leafless bowers,
Is waiting for the winter's snow.

I said to earth, so cold and gray,
"An emblem of myself art."
"Not so," the earth did seem to say,
"For Spring shall warm my frozen heart."

I soothe my wintry sleep with dreams
Of warmer sun and softer rain,
And wait to hear the sound of streams
And songs of merry birds again.

But thou, from whom the spring hath gone,
For whom the flowers no longer flow,
Who standest blighted and forlorn,
Like autumn waitin' for the snow.

No hope is thine of summer hours;
Thy winter shall no more depart;
No spring revive thy wasted flowers,
No summer warm thy frozen heart.
—John Greenleaf Whitteer.

TUESDAY AFTERNOON

ROCK CLUB
Mrs. Billy McKnight entertained the Tuesday Afternoon Rock club yesterday afternoon. Mrs. Ed Berry made high score and was presented a bottle of toilet water. After the game Mrs. McKnight was assisted by her mother in serving a plate luncheon. To Mrs. Fred Sittason, Mrs. John Hamlin, Mrs. E. G. Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism come from a tiny disease germ that infects the blood, that physicians are beginning to realize that this source of the disease is becoming quite prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface.

One remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fluid of blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga.

"Patriotism (Like Charity) Should Begin At Home"

In times of war and strife the supreme test of patriotism is brought out. Men and women either gladly do their duty or ingloriously shirk it.

Patriotism to the United States, as a whole, should be the paramount thought of every true citizen. But, in just so far as this patriotism is fulfilled by

Each Individual Towards The Community

In which he lives, just that far will it be evidenced throughout our nation. For, each individual, each city, each state—all go to make up the United States of America.

Thus, patriotism must of necessity "Begin at Home."

And this patriotism should be carried into our every-day life; the common-place channels of trade—as well as being expressed in a military way.

One way that loyalty and patriotism may be shown by every individual is to do all in his power to advance the interests and prosperity of the community in which he lives.

Buy From The Local Stores

At all times. And buy products, when possible, which are manufactured in your home town.

In doing this you are not showing a prejudice against other localities; you are merely doing just what the other fellow everywhere else should do. You are concentrating your share in the prosperity of the country where it will do the most good to your neighbor and yourself.

Prospective Mothers who prepare carefully with Mother's Friend make Child-birth easier.

It is recorded of the primitive American Indian women that child-birth with them was entirely painless. Modern dress was unknown!

Exacting social duties that wreck so many women of today were a minus quantity in their lives; and so it is small wonder that the weaker sex becomes a prey to misgivings when approaching maternity nears the crisis. But this should not be—because—

—the prospective mother can find comfort in MOTHER'S FRIEND. An external lubricant that spreads its influence over the skin; penetrates to the broad, flat abdominal muscles, and prepares the way for an easier, quicker and practical delivery.

Many doctors and nurses recommend MOTHER'S FRIEND. Get a bottle from your druggist today.

For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to the makers of MOTHER'S FRIEND.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

A Message of Utmost Importance to Every Woman

The woman, who is suffering from disorders peculiar to her sex, owes it not only to herself, but to her family and those around her to regain her health and strength and charm. Dr. J. Bradford's Female Regulator is based upon the prescription of an eminent physician, Dr. J. Bradford, who made the disorders of women his life study; and for half a century women have regarded it a successful medicine for their troubles. Your druggist will promptly supply you with this proven remedy. Try it now, TODAY.

Clean Teeth New Way Without Tooth Paste

Wonderful New Liquid Dentifrice Makes Harmful Gritty Paste Unnecessary.

For many years prominent dentists have been preaching the danger and uselessness of coarse, chalky tooth pastes. Specialists have long known that abrasive dentifrices not only do not thoroughly cleanse teeth, but that their filing action actually expedites decay.

Writing in the Dental Cosmos, Dr. F. D. Miller tells us that, "With some of the much extolled preparations on the market, it is quite easy by applying the brush to cut the tooth half through exposing the pulp inside of two hours!"

People with tender gums have long been sufferers from these irritating pastes. And many have found that they actually do more harm than good.

Now, however, it is no longer necessary to suffer from these harmful preparations. A wonderful new liquid dentifrice, the result of years of scientific research and experiment has recently been placed on the market. This new preparation is called Steroline and its many enthusiastic users have found that it not only thoroughly cleanses every crack and cranny of the teeth, but that it also acts as a mouth-antiseptic. Its agreeable prophylactic action kills the disease germs before they have a chance to cause trouble, and leaves the mouth cool, refreshed.

Steroline attacks mouth disorders at their source. It does not rely on chalk and grit to scrape the teeth clean. Instead of irritating and tearing, its effect on the gums is soothing and pleasant. And it does clean the teeth and keeps them white and strong. You can say good-by to cavities, discolored teeth, septic sore throat and bad breath when you buy your first bottle of Steroline.

Get a bottle from your druggist today. A few drops on your brush are sufficient. Just brush the teeth in the regular way, and note the difference from ordinary tooth pastes. Your whole mouth "feels clean" after using Steroline.

If you do not like Steroline after a five-day trial return the card-board box to your druggist and your money will be cheerfully refunded.

COTTON MARKET SUPPORT BETTER

SHORTS NERVOUS AND LISTS SHOW IMPROVEMENT OVER TUESDAY CLOSE.

NEW YORK, Nov. 10.—The cotton market was steady at the opening today, initial quotations being unchanged to 23 points higher. Shorts seemed to be nervous over the appearance of wet weather in the South, attended by low temperatures, which, it was said, would result in a freeze tonight. There was free covering at the start and support also came from Wall street interests, the demands from the latter being due partly to an improvement in the foreign exchange. At the end of the first 20 minutes, the list was steady and about twenty points net higher.

WIND-BROKEN

By F. W. Dersheimer M. D.

The Health Officer was driving through the country when he noticed a crowd at a farm-house. Stopping, his fliver he went in to see what was going. He found an auction sale in progress, a horse being up for sale at the moment. Seeing Barney Boggs in the crowd he went with him, to listen to the bidding, which was not very brisk.

Fifty-five! Fifty-five! Fifty-five! Who offers Sixty dollars for this horse?" The auctioneer was crying. "Barney, why don't you bid on the animal?" asked the Health Officer. "That seems like a ridiculously low price for as fine a looking horse as that."

Barney grinned. "I'll buy him for you, if you want him," he offered. "I have no use for him," replied the Health Officer. "But if he is as good as he looks I'll buy him as a speculation, even if I am hard up."

"Don't do it," advised Barney. "But why? He certainly looks as if he would be worth \$150 at least."

"He sure does," agreed Barney, "but he isn't. He's wind-broken."

"That's the reason, is it?" mused the Health Officer as the bidding slowly continued. Finally the animal was knocked down to a flashily dressed man for \$70.

"Horse-dealer from town," stated Barney. "Probably figures on working him off on some bird that doesn't know anything about horses."

Dinner was next in order and the Health Officer went with Barney to get some of the barbecued pork and hot coffee which had been provided by the farmer whose stuff was being sold. There was no reluctance apparent in the bids on this item of the sale, and until they had eaten there was little chance for conversation. Afterwards, however, when Barney had cut off a liberal portion of plug tobacco and put it into his own mouth after the Health Officer had declined it, the Health Officer spoke again.

"That horse went for less than half of what it would have been worth if it hadn't been wind-broken, did it not?"

"Just about," agreed Barney. "Well, if a wind-broken horse is worth only half as much as a sound one, what is a wind-broken man worth?"

"Now what are you getting at?" demanded Barney. "Who ever heard of a wind-broken man?"

"There are probably some here today," said the Health Officer. "Yes, there is Harvey Johnston. He suffers from the same condition as the horse."

"Don't see what you mean. Harvey has a bad heart but I never heard that he was wind-broken."

"It is not often spoken of that way," admitted the Health Officer, "but it really is the same thing. The Horse's trouble is due to a bad heart, too."

"I never knew that. For a fact, Harvey ain't worth much as a farmer. Can't do any hard work. Gets all out of breath if he tries and has to stop."

"Wind-broken, as I said."

"Goldarned if he ain't, since you explain it."

"What's he worth as a man?" persisted the Health Officer. "About half price?"

"Guess so. But what difference does it make? You can't cure him, can you? I know no one cure a wind-

broken horse."

"No, I can't cure him. But the condition could probably have been prevented."

"How?" asked Barney.

"Most cases of heart trouble in humans result from rheumatism, or some other infection. In a great many cases these infections get into the body through infected teeth or gums, or infected tonsils. Get the teeth or tonsils out or the gums treated and the infection does not get in. No infection, no bad heart and so, no wind-broken men."

"Well, how are you going to find these things? You don't examine all the people in the county can you?"

"No, but I can have all the school children examined and that is the right time to catch these things, before the damage is done."

"Gol-dern! So that's what you have been a-talkin' about all the time. The same story. When are you going to let it rest?" Barney was now a strong rooter for the Health Officer, but he liked, when with him, to appear to oppose his work.

"Whenever all these defects which we discover are corrected," retorted the Health Officer. "I do not want any men or women to get wind-broken as a result of my negligence. They cannot afford it and neither can the county, state or nation."

"Guess you're right," agreed Barney. "Looks like half-price men make a half-price country."

Clinching Argument.

The little girls were preparing to play house, and had difficulty deciding the question, "Who will be the mamma?" Finally one said, in a tone of finality, "But, Mary Elizabeth, I've got to be. Don't you know I'm sixer than you are?"

DOCTORS USE CALOTABS FOR COLDS AND FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure. Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calotabs, the perfected, nausealess calomel tablets are the surest, best and most agreeable laxative.

One Calotab, at bed time with a swallow of water—that's all, no salts, no nausea, and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

For your protection, Calotabs are sold only in original sealed packages price thirty-five cents. All druggists recommend and guarantee Calotabs and are authorized to refund the price if you are not delighted with them.—(Adv.)

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspironal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspironal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children. (Adv.)

Mrs. Carry Randle Dies in Nashville

C. Cran Graham, of 113 Hagerman Court, received a telegram this morning notifying him of the death of his sister, Mrs. Carry Graham Randle, aged 59, of Frankfort, at the home of her cousin, Mrs. Bessie McClain, in Nashville, Tenn., at 8:30 o'clock this morning. Mrs. Randle had lived in Frankfort for many years and had a large number of relatives and friends in both Frankfort and Lexington. She went to Nashville last week to visit relatives and died suddenly of paralysis of the throat. The body will be brought to Frankfort Wednesday. Mr. and Mrs. Graham went to Frankfort this afternoon to make arrangements for the funeral. Lexington (Ky.) Leader.

IN MEMORIAM

She has been tenderly laid away by those who loved her best, by those to whom her life had been consecrated, and by those to whom her smile was a benediction. She will ever be enshrined in the hearts of those who were brought in contact with her from childhood. Pure in thought, simple in manner, gentle and lovable, full of Christian spirit, were the dominating characteristics of this gentlewoman, who has been called home. Hearts are saddened, eyes dimmed and heads bowed by the taking away, but the sweet consolation remains for those she has left that she peacefully rests in the arms of the Master in a "mansion prepared before the foundation of the world."

Opinions Differ.

It's impossible to please everybody, and if a girl has what we in our ignorance consider a good figure, the neighbor women say she is buncy. Ohio State Journal.

COMMITTEE WILL MEET NOVEMBER 15

LETTER POINTS AND HOW ACCIDENTS REDUCE CONTENTS OF PAY ENVELOPES

Announcements have been sent out by Lee Hartung, Secretary of the

"Safety First" committee of the people have apparently been able to Louisville and Nashville shops, for a think of more than one thing at a time, but the majority of us have experienced that it cannot be done successfully, and safely. You have learned that you cannot permit your mind to drift away when working about machinery, locomotives and moving cars, but that, on the other hand, your wits must be kept ready for instant use in order that you and your fellow workmen might be protected. This will prolong a most useful and happy life for yourself and those whom you hold dear.

A recent letter given out by Chairman Matthews given in part below, shows the close relation of "thrill" to a low percentage in accidents.

How much money have you saved since January, 1920? You, of course, want to know how to increase your savings. How to be able to have more money placed in that pay envelope! How to insure for yourself a long and profitable life!

Have you ever thought how much it cost you to be unsafe?

This department has, for some time, made a close study of accidents and their causes. Two conclusions have been arrived at, which I believe you will, after some thought, agree with me that they are sound. They are, that efficiency and earnings are reduced through the occurrence of personal injury accidents.

Your personal efficiency is impaired for some time after injury of the average nature, thus delaying your movement ahead towards the goal you have in mind. Don't make the mistake in deciding too late to be safe and efficient. Then, after decision has been reached, act immediately, because delayed action often nullifies all the good decisions ever made.

You know that the man who increases his earnings usually commences by increasing his ability, and this includes, among other things, the safe performance of his duties. Some

Professor Pickering's theory is that the moon was thrown off from the earth from where the Pacific Ocean now is.

"THEY SAID I HAD T. B. AND WOULD NOT LIVE THREE MONTHS"

Mr. Harold W. Schmidt, Box 98, Breese, Clinton Co., Ill., believes he has reason to praise Dr. Hartman's Remedy for Catarrhal conditions.

"I used Per-nal three months for Chronic Bronchial Catarrh. I do not get tired, feel like a giant, am six pounds over normal weight and able to work every day. In March, 1918, I contracted a severe cold with asthma and took to my bed. They said I had T. B. and would not live three months. After taking a complete course of Per-nal and a box of Man-a-tin Tablets, trouble was due to Chronic Catarrh of the nose and throat, which I had ten years, extending down into the bronchial tubes. Per-nal was my life savior."

CAR CAMERONS SAXO-LAND
WITH COBURN MINSTRELS
PRINCESS THEATRE TOMORROW
Joe Coburn takes pleasure in announcing and presenting one of the strongest Vaudeville Headline Feature Acts in the history of his Minstrels for those who admire and enjoy instrumental musical originalities. "The Carl Cameron Saxo-Land Instrumentalists". Introducing also exceptional eccentric and wooden shoe dancing into the musical numbers and billed as Modern Manipulators of Mirth Melody and Mania, the comedy numbers do not detract from its musical excellence. Mr. Cameron is an excellent musician and performer and was associated with one of the greatest musical acts in America for one year's continuous appearance at the N. Y. Hippodrome. Coburns Minstrels are said to have the best organization in its history of over twenty years and will appear at the Princess tomorrow. Seats on sale at Box Office today. Its the show you know.

LILLIE BURKE BACK
IN NEW FILM AFTER SO.
JOURN ON STAGE
PRINCESS TODAY

Lillie Burke makes her return to the motion pictures in "Away Goes Prudence," a fascinating funny Paramount Artcraft production, after a brief interval spent on the stage in "Caesar's Wife". This is an original story by Josephine Lovett and will be the chief attraction at the Princess today.

Perhaps it was Miss Burke's little sojourn on the stage that caused her to show renewed zest and charm in the picture, but at any rate she has originated a role showing an over abundance of pep, mischievousness and fun. She has the part of Prudence Thorne, a young society girl who spends all her leisure time in her airplane and when it comes to a choice between her lover, Hewlitt Harland, and the plane, she decides in favor of the latter.

She fakes a kidnapping in order to get money from her father for a new plane, but Hewlitt turns the tables on her and arranges a kidnapping of his own. The crooks whose aid he has enlisted make a real kidnapping of it and make Prudence walk the plank line incessantly. Finally, at a breaking, the crooks are captured and Prudence manages to escape to her parent's home. There, when she is about to be arrested, her father discovers her identity and Hewlitt makes a shame-faced confession of his plot.

Why Suffer?

Cardui "Did Wonders for Me," Declares This Lady.

"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back — especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset."

TAKE

CARDUI

The Woman's Tonic

"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made." Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your troubles.
